## WALL STREET CHAPTER

Back in January 2012, I crashed the annual induction ceremony of Kappa Beta Phi, a secret society for elite Wall Street financiers. You can read the story of what happened [here](#).

In addition to writing down details of what I saw, I also procured the official Kappa Beta Phi membership roll, a list that includes prominent Kappas like former Mayor Michael Bloomberg, AIG CEO Bob Benmosche, the former heads of Lehman Brothers and Bear Stearns, and Jon Corzine, the former New Jersey politician.

Here, as of 2012, is everyone who belongs to one of the most controversial and secretive organizations on earth.

First, here's what the program for the evening looked like:
